Product highlights

High Pixel Density Display
The very best high-density screen shows off your treasured photos with the same 'real life' rich detail and vibrant colours as high-quality prints.

Perfect digital colour
Full colour display brings out the best in your photos with vibrant, real-life colours by displaying the same full range of colours found in professionally printed photos.

Interchangeable frames
A selection of interchangeable frames that snap onto your PhotoFrame fits your personal taste and complements your home or office decor.

Auto orientation
Automatic landscape/portrait recognition employs a sensor that recognises PhotoFrame orientation and displays each photo in its proper mode.

Smart Album
Smart Album allows you to create and manage albums, as well as set up and adjust transition effects for your photo slideshows.

Smart photo storage
Smart photo storage employs smart software that minimises required storage space without compromising photo display quality.

PhotoEffect Wizard
The PhotoEffect Wizard is an easy-to-use feature that allows you to rotate, zoom in, crop and even adjust photo colour tones to black and white or sepia within PhotoFrame itself.
